## BIO

“It felt like the beginning of the next chapter in my life,” says Sam Hunt of finishing his second studio album, *SOUTHSIDE*. Daring in both its emotional heft and sonic explorations, the set arrived April 3, 2020.

Hunt made his remarkable debut back in 2014 with *Montevallo*, a revealing self-portrait told via a pastiche of sounds native to Hunt’s Georgia hometown: country, hip-hop, and R&B. The collection went triple platinum and logged four No.1 Country Airplay singles, a first for any male in the history of the genre off of a first album. Singles like “Leave the Night On,” “Take Your Time,” “House Party,” and “Break Up in a Small Town,” all platinum certified in their own right, each also enjoyed true crossover success. All four cracked the Top 30 on the all-genre Billboard Hot 100.
